change  
course?**

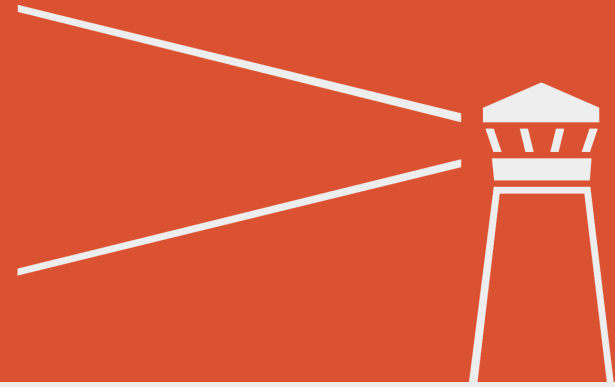

**why -> how -> what**

**vision -> method -> program**

# method & principles

## **Why:**

Mission

Ideology & values

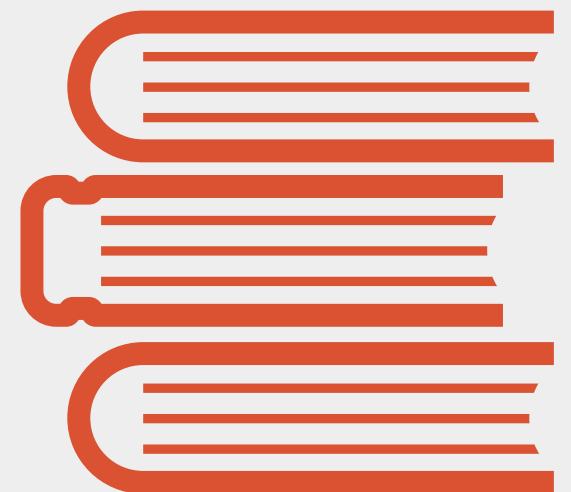

## **How:**

Inspiration for method

Methodology

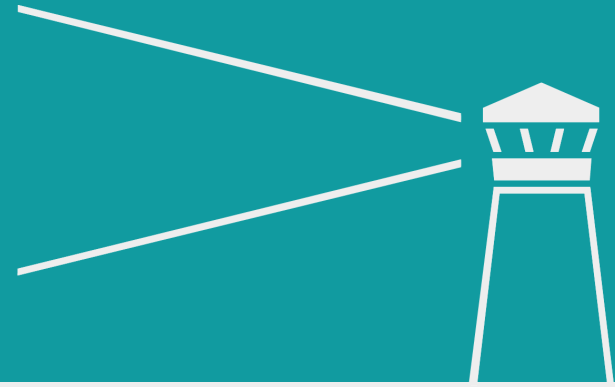

Expanding loops and reach

**What:** comes later.

why

# mission

“Our mission is to provide the dreamers of today with the tools they need to solve the problems of tomorrow. “

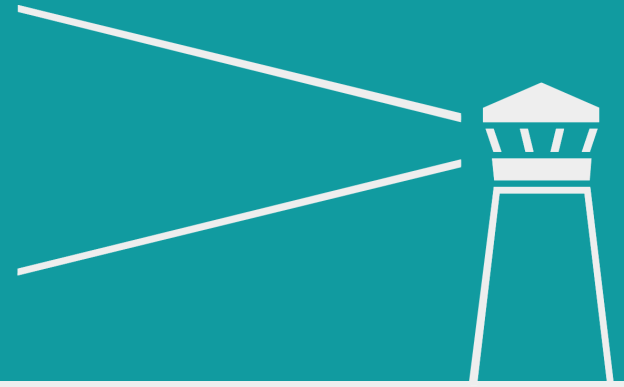

ideology and values

# Equity

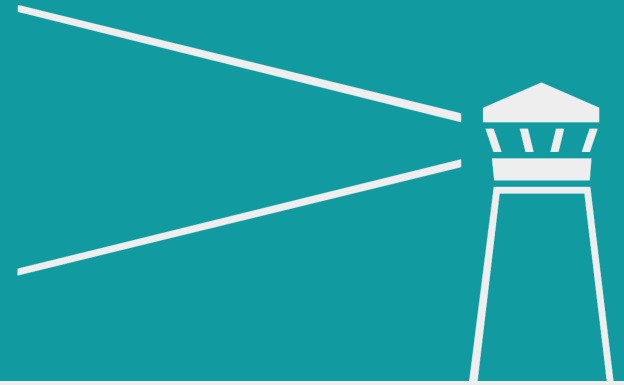

ideology and values

Action first

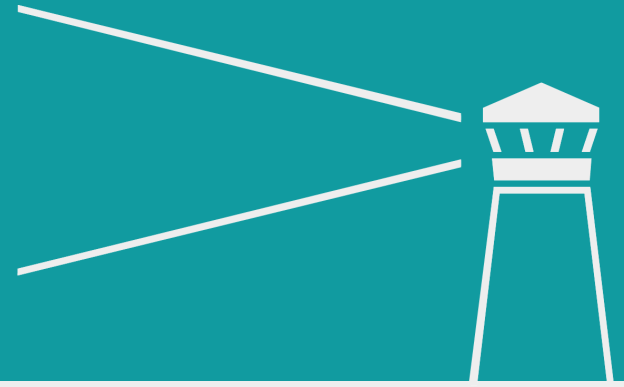

# ideology and values

The system is broken  
- not all its nodes

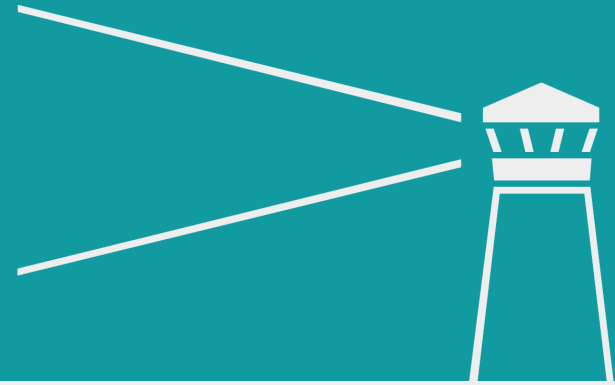

# ideology and values

Ideas are only  
valuable when  
shared

ideology and values

Two-way trust

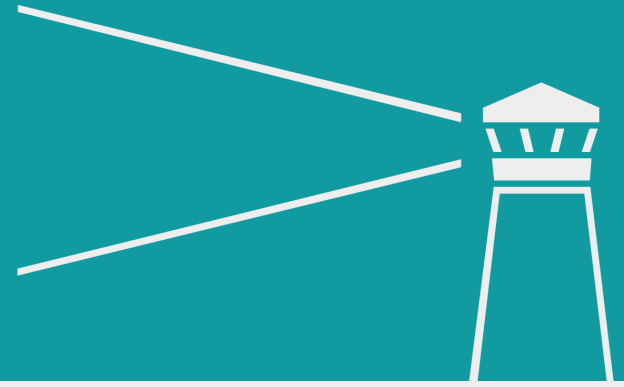

ideology and values

Do-ocracy

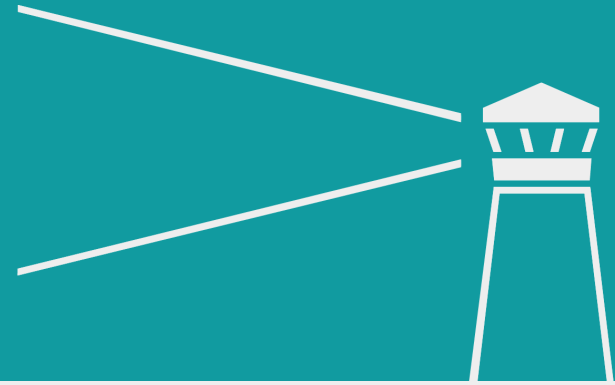

# ideology and values

## Think big

# ideology and values

It's easier to ask for  
forgiveness than it is  
to get permission.

(most of the time)

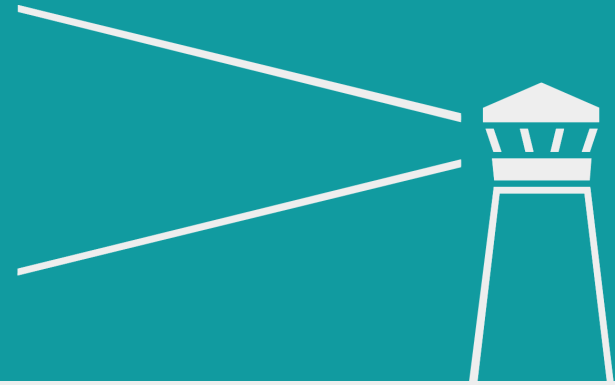

# ideology and values

Ask for help  
when you need it.

ideology and values

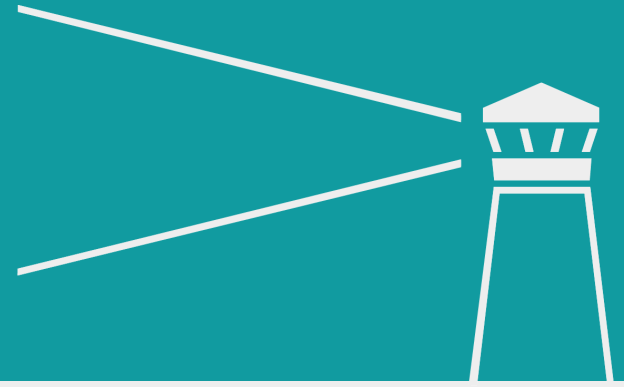

The door is  
always open.

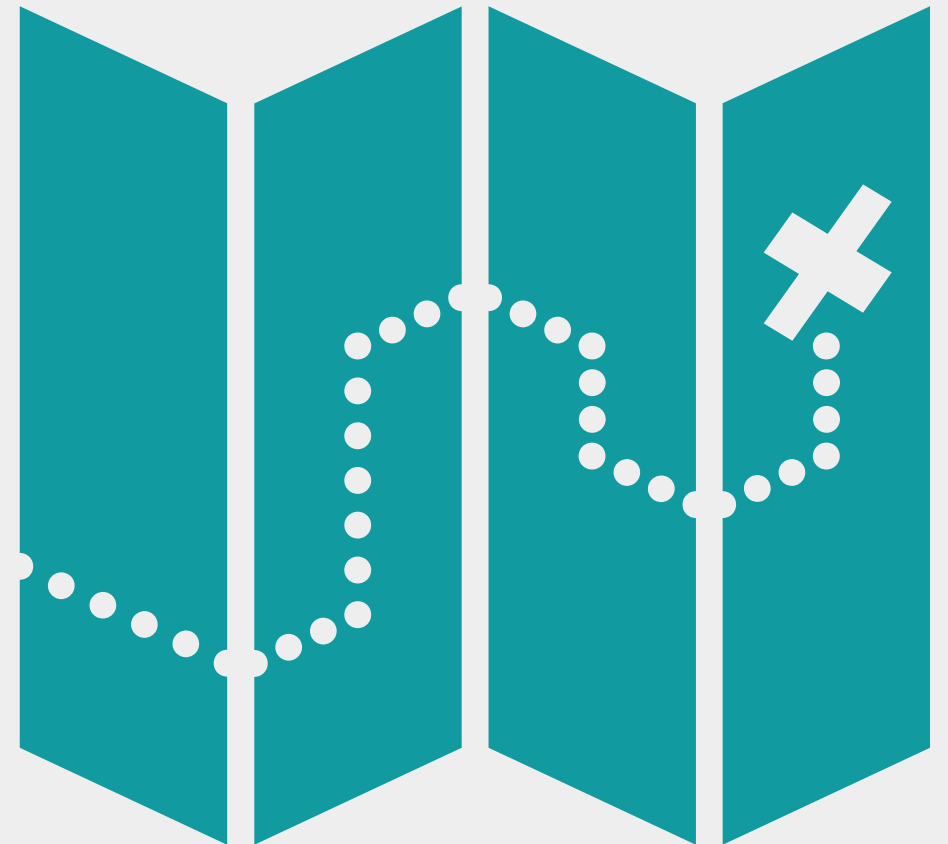

(unless we really have to close it)

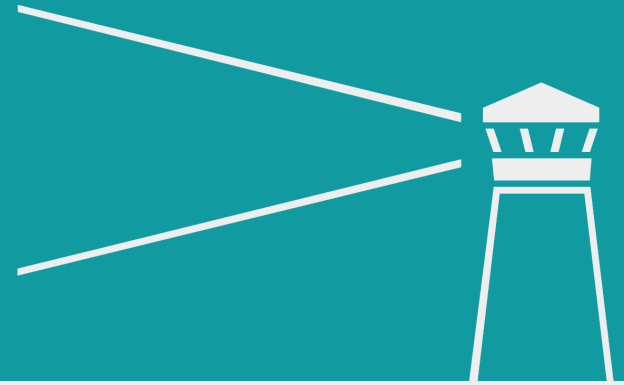

ideology and values

Trust the  
process.

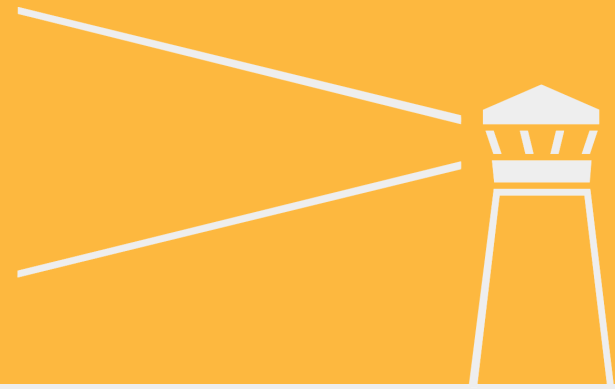

ideology and values

Deliver  
max value.

how

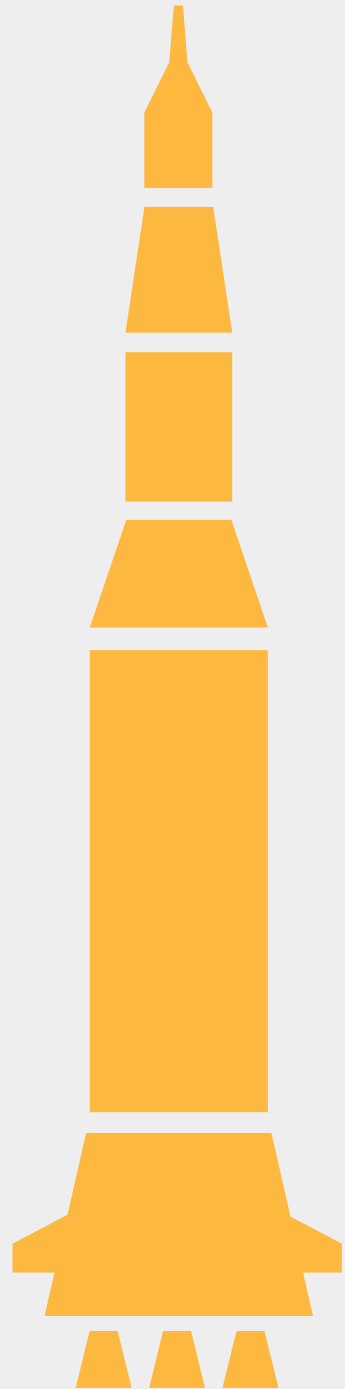

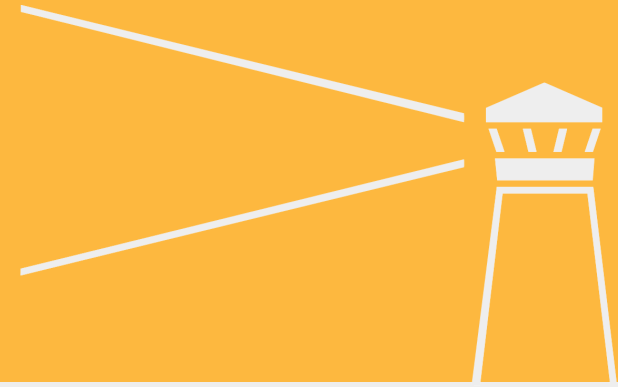

# shoulders of giants

- Kaospilot
- Google Ventures
- IDEO
- DELITELABS
- Burning Man
- Open Space Technology
- and more

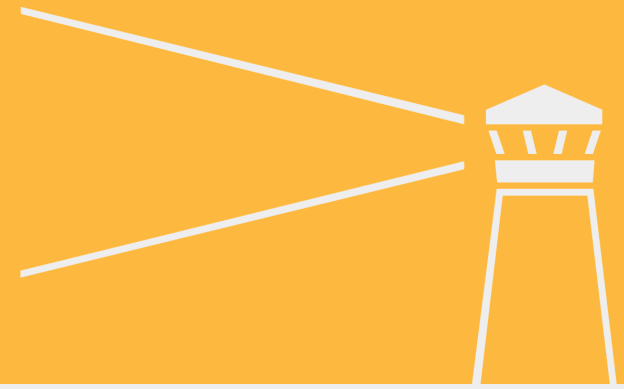

methodology

This is an  
experiment

(You're dead once you  
stop prototyping.)

# methodology

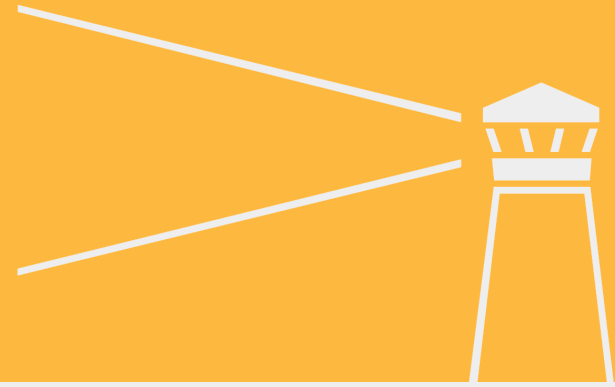

- Experiential learning
- Participant democracy
- Social improvement
- Real-life
- Orientation

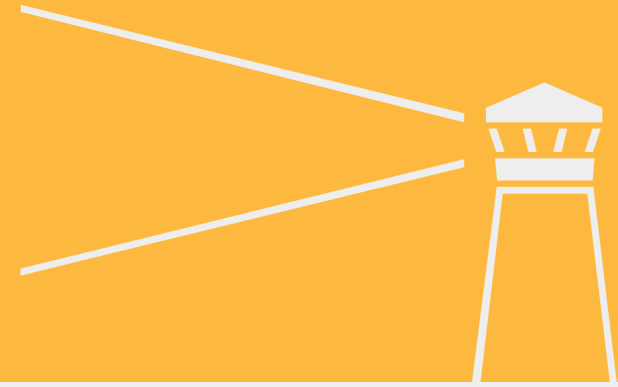

# delivery model

- Lectures and workshops
- Project work
- Individual / group coaching
- Learning groups
- Open lectures
- 'Reading list'
- Prototype and iterate
