# Experiential learning

Project theme:

# INITIAL SPACE SETUP

# Initial space setup

## **Desired outcome:**

A transformed workspace - set up to best serve the needs of all participants in studies and general well-being. The level of ambition is yours to determine.

# Initial space setup

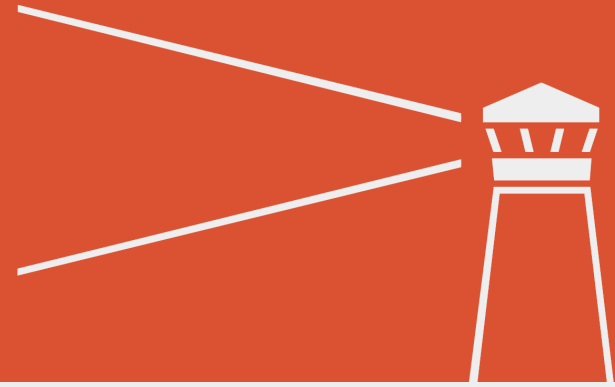

## Motivation:

- Establishing baseline
  - Teambuilding
  - Building relations with staff
  - Experiment with self-organization
  - Practice pitching and reflection
- 
- Transfer ownership
  - Practice prioritization
  - Get familiar with the local area
  - Practice bootstrapping

# Initial space setup

## Requirements:

- \* Countdown timer
- \* 5x Sprint (Jake Knapp)
- \* 5x The Social labs Revolution (Zaid Hassan)
- \* Large room uncluttered
- \* Large whiteboard untouched (for now)

# Initial space setup

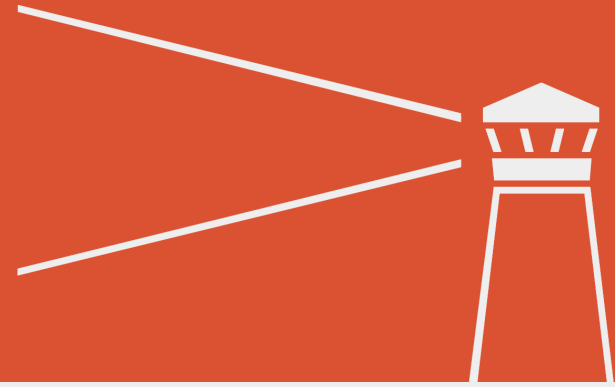

## Resources:

- \* Access to school staff as necessary
- \* Access to school inventory
- \* SEK 5 000

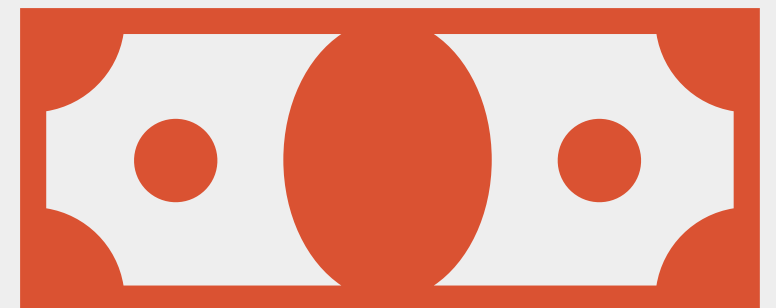

# Initial space setup

## **Purchasing:**

Ordering of items can be arranged via school reception. Other purchases can be reimbursed after approx. 10 working days.

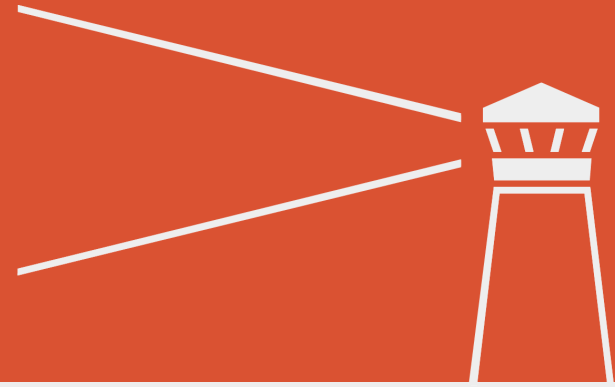

# Initial space setup

## **Timeline and delivery:**

Presentation in the main classroom at 26 August, 14.40. Presentation should clarify motivation, planning, organization, and finance.

# Initial space setup

## **Recommendations:**

Organize in teams

Give each room a function

Scout the school before purchasing
